

Abstract for the 6th Taiwan-Japan-Korea Symposium and the 4th Workshop on Physics of Metal Oxides

F. Author¹ and S. Author²

¹*National Synchrotron Radiation Research Center, Hsinchu 30076, Taiwan*

²*Center for Condensed Matter Sciences, National Taiwan University, Taipei 106, Taiwan*

Please prepare an abstract either in L^AT_EX or PDF. The L^AT_EX format is strongly recommended. A template file is available from the Web-page. All the submitted abstracts will be converted into PDF files. Please note that if the file sent to us cannot be printed out, we might ask you to resubmit in another format.

Abstracts should be in English. The size of the abstract is one page of A4 (21 x 29.7 cm²). Margins of 2.5 cm should be taken from all the top, bottom, left and right sides. The title should be bold-faced and center-lined. The list of authors and their affiliations should be center-lined and the latter should be in italic. The body of the abstract should be written in fonts not smaller than 11 pt.

Figures can be included but the file-size is limited to 1 MB. In the case of L^AT_EX, use only EPS for figures.

References should be listed just below the abstract body [1].
